Safety Rules

1. Follow the teacher's instructions carefully.
2. Do not taste, drink, or inhale anything used in science investigations unless instructed to.
3. Keep your hands away from your face during science investigations. Wash your hands after any investigation.
4. Always wear goggles when using chemicals, glass, or heat and any time there is a risk of eye injury from flying objects.
5. Tell the teacher immediately if you see an unsafe situation.
6. Tell the teacher immediately if you have an accident or injury, even if the injury is small.

Safety Contract

I have reviewed these rules and agree to follow them, along with any additional instructions from the teacher.
